At Alliance Academy International we strive to provide an atmosphere that promotes our ends of Eternity, Excellence, and Community. We want our students to feel mentally and physically prepared for learning as well as comfortable while attending school. This dress code policy is in place to establish a safe and respectful environment, both while at school and when representing our school in public. It is also in place to provide a positive sense of community and to encourage students to have a sense of pride in how they look and behave. While this policy is meant to cover as many questions and situations as possible, the principals have the right to make the final decision on dress code issues.
